

Kangaroo Bus Lines

Repeat Signage makes such a difference to the way drivers receive information...

Kangaroo Bus Lines has been delivering superior service and experiences to their clients for 35 years and counting. Established in 1978, this family owned and operated organisation has experienced significant growth since their humble beginnings of six buses operated from a private residence servicing the Moreton Bay district. The past 35+ years has seen the organisation evolve to encompass a wide range of transport solutions and experiences throughout the greater Queensland region and beyond. Today their head office is conveniently located just north of Brisbane between the CBD and Sunshine Coast and their purpose built facility is home to over 100 immaculately presented, modern vehicles, a state-of-the-art workshop and a passionate and dedicated team. www.kangarobuslines.com.au

Major Rail Closure 27th-28th Aug Northgate - Gympie North

“Repeat Signage has made such a difference to the way drivers receive information, and we have also started a monthly photo competition. We also use it to remind them of where first aid is and fire and emergency evacuation procedures. This is the tip of the ice berg for us. The company is very happy with this programme and other bus company’s will see this as well... Thank you once again, it is a great programme.” Greg Stone - Manager Compliance

Have a great weekend and see

24-65

Greg Stone - Manager Compliance at Kangaroo Bus Lines, has been happily playing with Repeat Signage, inserting information for their drivers, setting up a monthly photo competition, and will no doubt, extend travel information to their customers too.

Approved TransLink concession cards
Effective 1 July 2016

The following cards can be used on TransLink services to receive a concession fare. See full details of TransLink concession policies and eligibility criteria, please visit translink.com.au.

Children and infants
Transit is free for infants 0 - 4 years old. Concession fares apply for children 5 - 14 years. A concession card is NOT needed to qualify for concession travel.

Secondary school students (SS)
Secondary school students are required to carry a Queensland student photo identification card or be wearing an official Queensland school uniform.

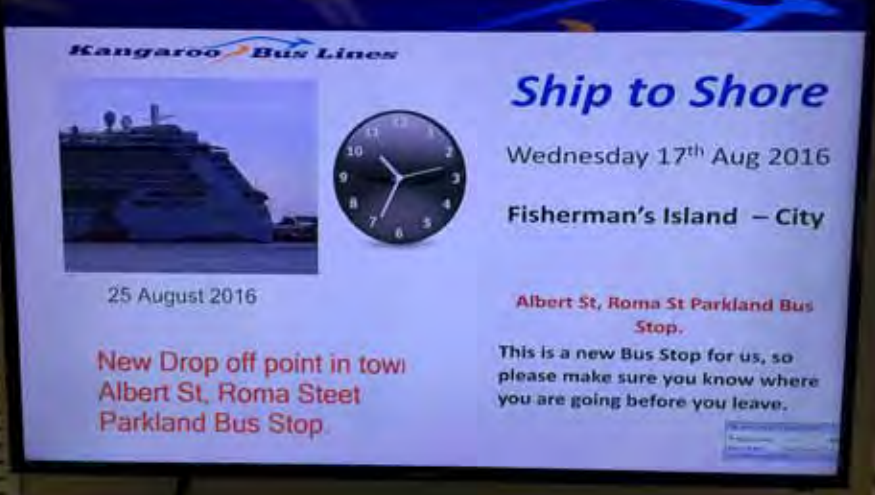

Tertiary/post-secondary students
Tertiary/post-secondary students must meet ALL eligibility criteria including carrying a current student identification card issued by a Queensland institution registered with the Queensland ANCI Bank system for all received tertiary concession fares (tertiary card) on this or card. The details on the student's identification card must match the tertiary concession details provided to TransLink and linked to the student's go card.

Pensioner Concession Card, Seniors Card and OSA Health Card (gold card)
Domestic Business Discount Cards are not accepted. Dependents listed on a Pensioner Concession Card are not entitled to a pensioner concession and must pay the appropriate fare. The Health Care Card issued by the Department of Human Services is not accepted.

Five travel cards and passes

Kangaroo Bus Lines 25 August 2016

Major Rail this Weekend

Kangaroo Bus Lines is strongly immersed in the tourism and education sectors. They offer day and holiday tours, school charter, corporate and business travel, inbound tours, national capital excursions and outback adventure touring and other tours. They love what they do and pour passion into delivering dependable, professional and memorable experiences for each of their valued customers.

Repeat Signage digital signage software allows you to place pictures, text, videos, documents, spreadsheets, date, real-time analog or digital clocks, RSS feeds and other media, wherever you want to place it on screen to build up your presentation.

You can schedule presentations to play at different times of the day or week and update your content locally or remotely over the Internet.
