Reseller Partners

Audio visual resellers, IT companies, software resellers, website and design companies and niche market sectors...

Adding value to digital signage solutions

Most of our reseller partners are in the audio visual or IT services industry, supplying display screens and video walls.

We welcome working with additional reseller partners around the world, especially in niche markets such as education, healthcare, retail, hospitality, etc.

We make it easy for you to work with us:

- Digital software - No stock to hold
- Trial download
- Email technical support
- Training - online training videos
- Online help menu
- Free account for remote updating
- Website link - on our reseller page
- Case studies - option to feature your clients success stories
- Repeat Signage brochure

Contact us: resellers@repeatsoftware.com

We reserve the right to refuse or remove a website listing for any reason.

Distributors

IT or AV distributors and software distributors

Distributors of Repeat Signage software promote and supply Repeat Signage through their reseller channel across diverse markets, including education, hospitals, care facilities, military and public sector, retail, restaurants, hospitality, leisure, industry and corporate, with no geographical limitations.

Repeat Signage digital software is a digital download, making it easy for you to supply your resellers with email licence keys.

We offer online help, training videos and email technical support to yourself and resellers across many time zones.

Repeat Signage digital signage software

Repeat Signage allows you to quickly produce professional quality digital signage presentations and play them on a variety of displays including LCD monitors, large format display screens and projectors.

To create your presentations, start with a blank screen or template and insert digital media:

- Animated gif (or svg)
- Auction displayer control - Display eBay auctions
- Audio
- Banner text and pictures
- Barcode or QR code
- Clocks (digital clock, round clocks)
- Clocks (text based) or date
- PDF/Document/PowerPoint
- Pictures or play list of pictures
- PowerPoint presentation scheduler
- RTF document
- RSS reader (scroller options)
- Shapes
- Spreadsheet (or create grid)
- Text label (single line of text)
- Text block (rich text block)
- Video (.MP4)
- Webcam
- Web browser
- Data grid (database support) in the Corporate and Media Wall Editions

Why Repeat Signage?

The Repeat Software team give you an outstanding level of support. We give you free training videos, sample presentations and we have satisfied customers in over 30 countries worldwide.
